VENEZUELA ARMS.

Preparing to Resist British Encroachments by Force.

PURCHASES OF MODERN ARMS.

Rifles and Repeating Cannon Bought in the United States The American Company Will Work in the Disputed Territory.

New York, Oct. 18.—The Venezuelan government is gradually supplying itself with modern arms, it is reported, from this country and Europe. The orders have direct bearing, it is thought, upon the long dispute with Great Britain over the boundary line. President Crespo is said to have ordered through an exporting house in this city three Maxim guns.

The Orinoco company, an American syndicate, which controls large concessions in the disputed territory, proposes to work its concessions without delay, according to W. N. Safford, of No. 2 Wall street, its attorney. Mr. Safford said yesterday that the company will send prospectors along the line of the Imataca mountains and they will be followed by a large force of workmen if the country is found to be as rich in gold as it promises to be.

The lawyer thinks there may be trouble and is sure Venezuela will stand up for her rights.

They Also Want Trinidad.

New York, Oct. 19.—The Herald's special cable from Buenos Ayres says: Word comes from Rio de Janeiro that the Brazilian Foreign Office has received an important declaration from England relative to the Island of Trinidad. No details could be learned yesterday, but a hasty summons for a Cabinet council today has been issued.

ANGRY DONS.

Reported Recognition of Cuba by American Republics.

London, Oct. 18.—The Standard will tomorrow publish a dispatch from Madrid saying that the rumored recognition of the Cuban insurgents as belligerents by the United States has greatly incensed the Spanish press. Senor Castro, the Republican leader, writing to El Liberal, deprecates the interference of American republics in Cuban affairs, and reminds the United States of how bitterly their statesmen resented European sympathy and meddling in the war of secession.

The dispatch adds that it is understood that Spain will try studiously to avoid conflicts with the American republics, but steps are being taken to send to Cuba an ironclad, seven cruisers, several gunboats and a number of torpedo boats immediately if the American republics recognize the government of the insurgents.

More Active Warfare.

Philadelphia, Oct. 18.—The Cuban revolutionary party in Philadelphia announces that the Cuban leaders have decided that the waiting policy be changed to one of boldness. Already it is alleged there are a thousand revolutionists in the field around the city of Havana. Spain has repeatedly declared her intention of crushing the rebellion this winter. The revolutionists are to take her at her word and face her on her own ground in Matanzas and Havana provinces.

General Maceo with 2500 men was at last accounts preparing to go to Camaguey to meet General Gomez, who is to have 2500 men also. By this time the junction of the two commands has been effected and 5000 Cubans are on their way to where General Roloff is operating. Gomez and Maceo will wait in Las Villas until they hear of the arrival in Vuelta Abajo of Colonel Collaso. As soon as he lands with men and ammunition he will proceed to Matanzas. The patriot army will march to meet him, led by General Gomez.

The combined army will be composed as follows:

With Gomez, 2500 men; with Maceo, 2500 men; drawn from Roloff, 5000; total, 10,000 men.

The Cubans expect the march to Havana will be opposed by Campos himself leading 10,000 regular troops taken from Las Villas and 5000 from Havana.

CABINET MEETING.

Important National Matters were Under Consideration.

Washington, Oct. 18.—The first Cabinet meeting since the President's return was held to-day, all the members being present. The meeting lasted two and a half hours. The Cuban situation and many other matters of foreign policy as well as of domestic administration occupied the attention of the President and his confidential advisors. Each Cabinet officer carried over a portfolio filled with papers requiring the President's consideration and—notwithstanding—the unusual length of the session, a very large pile of documents remained unacted upon when the Cabinet adjourned.

As the President is going to Atlanta, there will be no further meeting until after his return.

Imported Matters.

New York, Oct. 19.—The Herald's Washington special says: The Cuban and Venezuelan questions received the main share of attention at to-day's Cabinet meeting.

Concerning the recognition of the insurgents, it is understood that Mr. Olney advised against any step in that direction at present.

THE NEXT CONVENTION.

National Republicans are Considering Time and Place.

New York, Oct. 18.—The members of the national Republican committee are giving considerable attention just now to the consideration of the time and place for holding a meeting of that body. Senator Thomas H. Carter of Montana, the chairman, and Messrs. Hobart of New Jersey, Fessenden of Connecticut, Clarkson of Iowa, William H. Sutherland of New York, and Michenor of Indiana, are in town and other members of the national committee are expected to arrive to-morrow or to-morrow evening.

Owing to the absence of Mr. Joseph Manley, chairman of the executive committee, no formal meeting will be held at this time, but there will be an informal conference within a day or two for the purpose of getting the general sentiment as to the most desirable time and place for the meeting of the national organization. It is probable that a call will soon be issued.

Senator Carter, who is at the Holland house, said to-day that there was a very general sentiment among Eastern members in favor of holding the Republican national convention in San Francisco, and of course, the Western members favor the idea, he said, but he did not believe anything definite regarding this would be arrived at for some time.

A TEST CASE.

Champion Corbett is Arrested and Questions the Law.

Hot Springs, Ark., Oct. 18.—Champion Corbett arrived in the city this morning at 11.20 from his training quarters at Springlake, and was met at the depot by Sheriff Houpt, Manager Brady, Joe Vendig and other friends, and the officials of the Florida Athletic club. There was also a great crowd of people at the depot awaiting the arrival of the train. Corbett, Brady and the sheriff hastily entered a private carriage, which was in waiting for them, and drove directly to the office of the justice of the peace, W. A. Kirk, where everything appeared to be in readiness for the judicial proceedings that had evidently been agreed upon by the party. The sheriff presented his prisoner to the court. At this juncture Mr. Martin, attorney for Corbett, entered the court room and presented the following petition of Mr. Corbett:

"To Hon. Leland Leatherman, Judge of the Chancery Court of Garland County:

"Your petitioner respectfully shows unto your honor that he is unlawfully restrained of his liberty by Reb Houpt, sheriff of Garland county, Ark. That said sheriff detains him by virtue of a warrant issued by W. A. Kirk, a justice of the peace in and for the said Garland county, a copy of which is hereto attached. Your petitioner further states that he has not violated any of the laws of the State of Arkansas and that he does not contemplate or intend to violate the peace or dignity of said State. Wherefore he prays that your honor award him a writ of habeas corpus to the end that the cause of his detention may be inquired into and for other relief.

Following is the writ upon which Corbett was arrested and brought before the justice of the peace:

"It appearing that there are good and sufficient grounds for believing that J. J. Corbett is about to engage and has threatened to engage in a glove contest and prize fight with one Robert Fitzsimmons in Garland county, Ark., and the said glove contest and prize fight will be of a character endangering human life, you are hereby commanded to forthwith arrest the said J. J. Corbett and bring him before me to be dealt with according to law."

The above warrant of arrest was issued upon the statements of the prosecuting attorney.

The petition of Corbett was granted and the prisoner was arraigned before Chancery Judge Leatherman at about noon.

Directly after the arraignment of the prisoner before the chancery judge, adjournment was taken until 1:30. At that hour the court reconvened. Attorney Martin announced that he was ready for trial. The first evidence introduced was the enactment of the legislatures of 1891 and 1893 and from the House records it was plainly made to appear by the attorneys for Corbett that the enactment of the laws of 1891 was illegal because they passed by a viva voce vote instead of roll call, as the constitution of the State provides shall be done in all cases.

The first witness to take the stand was Joseph Vendig, by whose testimony it was proven that the defendant had made an agreement to engage in a glove contest in this city Oct. 31, with one Robert Fitzsimmons for a purse of $41,000 under the auspices of the Florida Athletic club. Before the testimony of Mr. Vendig was completed, Attorney Martin requested the chancellor to allow Mr. Corbett to depart for Little Rock, where he has an engagement to show to-night. The chancellor granted the request, but required the sheriff to send a deputy with him to see that he returned to-morrow. The court then adjourned until to-morrow at 1:30 p. m.

A United Press reporter interviewed Prosecuting Attorney Teague this morning as to the law which gives the Governor of the State power to send the State militia to any of the counties for the purpose of suppressing riots or mobs. Attorney Teague stated in effect that the Governor has no right to send militia into any county of the State without having first been called upon to do so by some of the civil authorities from the county in which the militia is to be sent, and that they were not to be called upon until the civil authorities found that they were not able to suppress the riot or mob, whichever it might be under the circumstances.

"In case the present proceedings that have been instituted go through as the friends and backers of Corbett think they will, what will then be the attitude of the Governor?"

"He will be tied up as tight as Dick's hat band," replied the prosecuting attorney.

"Then if Judge Duffie should call upon the Governor to send in the militia to stop proceedings would the Governor be compelled to do so?"

"Yes, I think he would. He would be bound to respect the call of the circuit judge in that case. But in the event that he should do so the militia would be under the orders of local peace officers."

"What effect, if any, will a writ fo habeas corpus have, supposing that the chancery judge should grant one?"

"It will act as a check upon the officials. If we have no law they cannot violate one, hence the Governor would be powerless to suppress something that is clearly no violation of law."

An Appeal to Cleveland.

Washington, Oct. 18.—John C. Jones of Chicago will to-morrow, with Senator Shelby M. Cullom, call on the President and Secretary of State and present a strong petition from a large number of leading Chicago citizens asking the President to take immediate action in the case of John L. Waller, ex-United States Consul to Madagascar, now imprisoned at Paris, France, by the French government.

W. C. T. U.

Female Reformers Now in Convention at Baltimore.

OVER FIVE HUNDRED DELEGATES.

The President's Report Read by Miss Frances Willard—Lynching and the Use of Fermented Wine Condemned by Resolution.

Baltimore, Oct. 18.—Between 500 and 600 delegates from 45 States and Territories, representing nearly 250,000 members of the W. C. T. U., congregated at Music hall this morning to attend the 22nd annual convention of that society. The devoted women whose motto is "For God and Home and Native Land," were up with the lark and before 8:30 o'clock most of the delegates had passed into the hall where for the next five days they will discuss all kinds of reforms.

Preceding the regular session of the convention a prayer meeting conducted by Mrs. Fowler Willing, a national evangelist, was held in the annex hall.

As Miss Frances E. Willard, national president of the army of women, entered the main hall, she was greeted with the Chautauqua salute by an audience that filled the auditorium to overflowing. Over 3,000 persons had assembled to welcome the White Ribbon delegates, making a total of almost 4,000 in the hall when the convention was called to order.

As Miss Willard stepped to the front of the stage, carrying a huge bunch of La France roses, the audience tumultuously applauded her. Following the drop of her gavel the crusade psalm was read, responsively, led by Miss Eliza Thomson of Hillsboro, O., who is more familiarly known in temperance circles as "Mother Thomson."

Some routine business was followed by the reading of the president's annual report. It was liberally punctured with applause.

The report of the corresponding secretary was next read by Mrs. Stevenson. Following this came the treasurer's report.

Mrs. Stevenson and Mrs. Baker were tendered rising votes of thanks and given the Chautauqua salute, in appreciation of their faithful labors during the past year. At the afternoon session two important resolutions were presented and adopted.

Mrs. A. S. Benjamin of Michigan offered the following:

Resolved, That the White Ribbon women who wore the badge of the peace ought never to be placed in the position of having to defend themselves from the charge that they favored the lynching of any human being whatever, and we keenly feel the false position in which we have been placed and repudiate any action inconsistent with the law of Christ, which, as everybody knows, is totally at variance with the torture or killing of any human being without opportunity to have his case fairly plead and to have been tried by a jury. We do not multiply epithets on this subject. We leave that to those who have misrepresented our position; but we have never hesitated and do not now to place ourselves squarely on record in regard to the lynching and other lawless practices in our own or any other country, and we believe that when women have a share in making the laws such atrocities will disappear from the face of the earth.

The other resolution was presented by Mrs. Mattie McClelland Brown. It requested the sending of a greeting to the triennial congress of the Episcopal church, now in session at Minneapolis, and earnestly requested that "in view of the fact that the use of fermented wines in the sacrament of the Lord's Supper is objectionable to a large proportion of the devoted membership of the church and it is also a source of danger to any who may have come under the power of alcohol, thus weakening the influence of the church in reform work, that, therefore the general convention approve and sanction, if it may not enjoin, the use of unfermented wine at the communion sacrament as being more in accordance with the Master, at whose table the wine is served, and more in keeping with the Pauline doctrine of offending not our neighbor."

Fraternal delegates were introduced from the various alliances. Among them were Mr. Aaron McPowell, president of the Purity Alliance, who told of the work of the Purity congress just closed; Miss Alice Palmer of South Africa and "Mother" Ransom of the Pacific coast. Mrs. H. Erdman of Philadelphia, the primadonna of the Pennsylvania State union, led the audience in singing the "Baltimore Rallying Song," to the tune of "Marching Through Georgia."

Methods of promoting principles brought forth a number of papers and each speaker was allowed 10 minutes to present her views.

EPISCOPALIANS.

Yesterday's Proceedings at the Triennial Convention.

Minneapolis, Minn., Oct. 18.—Another exhibit of what the Bishop of Albany was yesterday moved in joint session to practically characterize as "This ghastly waste of time upon the veriest scaffolding," was made to the Episcopal deputies to-day. In utter disregard of the fact that both the revised constitution and canons have been referred to committees for report three years hence, the majority of the body persisted in frittering away the time of the house upon sporadic constitutional amendments mostly of a purely technical nature, but which were debated ad finitum before being referred to the appropriate committees for consideration in the next three years. The actual work accomplished during the two sessions may be thus summed up:

1. The adoption of a resolution incorporating the national hymn, "My Country, Tis of Thee," in the hymnal.

2. The tabling of a resolution providing that the next convention be held in a structure other than a church.

3. Concurrence with the House of Bishops in the nomination of Rev. P. T. Rowe as Bishop of Alaska.

4. Rejection of the prerogative of the proposed erection of a missionary jurisdiction in Japan with Rev. Rowe as bishop.

5. Consenting to letting a part of the diocese of Minnesota as a missionary jurisdiction.

6. Indefinite postponement of consideration of the bishop's message to Sandwich orders.

When the house adjourned at 6 o'clock it was in the midst of an animated debate on a motion that in all future editions of the hymnal the name of the Savior should be spelled "Jesus" instead of "Jesu" as in many of the present hymns.

L[illegible] Prince of New Mexico and Dr. S[illegible] of Easton, Pa., were the sponsors of the resolution in behalf of which it was [illegible] that the [illegible] from "Jesu" was unnatural, strained and repellant. Drs. Huntington and Greer of New York had spoken in the affirmative and Dr. Nevill of Milwaukee in the negative, when an effort to shelve the matter by reference to a committee was defeated by 1[illegible] to 75.

Then both the debate and the house were adjourned.

House of Bishops.

The House of Bishops was more industrious. Besides considering at length the subject matter of the pastoral letter which will bring the convention to a close on Tuesday and discussing the canon on marriage and divorce, it cleared its calendar of numerous items. On the proposition of the deputies to permit in future the binding of the hymnal with the prayer book, it adopted this resolution: "That in the opinion of this house the resolution of the general conference of 1871 which forbids the binding of the hymnal with the book of common prayer ought not to be rescinded; it being all important to guard the popular mind against a confusion of ideas as to what the prayer book is, and what is included in its contents";

Nor were the bishops kindly disposed toward the resolution of the deputies for a special office for the nation's natal day. This was the form in which it was rejected:

"That in the judgment of this house, the setting forth of a form of prayer for use in the churches on each Fourth of July is inexpedient at the present time, every bishop having the privilege and right of setting forth such form for his own diocese as he may see fit until experience and comparison may suggest the best and most practical manner of formulating an office for July 4 worthy of being added to the book of common prayer."

Another thing which the bishops did was to insist upon the use in the constitution of the word "synod" instead of "convention." On this point the bishops of Kentucky, New York and Delaware were appointed to confer with a committee from the lower house. It was decided to permit the setting off of a portion of the diocese of North Carolina as a missionary jurisdiction, but without a bishop until it can support one.

When the bishops adjourned debate was in progress on a canon permitting the election of missionary bishops for new jurisdictions at special sessions between the general conference. Under the present canons such special sessions can only elect to fill vacancies.

To-night bishops and house met in joint session for the discussion of questions relating to the mission field.

HER OFFICIAL TRIP.

A Fine Showing Made by the New Battle Ship

Boston, Oct. 18.—In her official trial trip between Cape Ann and Boone Island, a distance of 31 knots, the battleship Indiana made an average speed of 15.61 knots for four hours. As there was a premium offered of $25,000 for every quarter knot made over 15, the Cramps will receive $50,000 as a bonus in excess of the contract price offered. The speed developed by the Indiana is secondary to the wonderful way in which the machinery worked. It was a perfect day for a trial trip. The atmosphere was brilliantly clear and the breeze that was blowing only had weight enough to crest the sea with little white caps. At 10 o'clock the Indiana approached the starting line and at 10.03:13 she was off. The run to Boone Island was made against the tide and consumed two hours, two minutes and seven seconds, the ship passing the last stakeboat at 12:06.

The average speed for the 31 knots was at the rate of 15.24 knots per hour. The speed made to Boone Island was disappointing, but on the way back was noticeably greater. It was 2:30:21 when the trial was over, just one hour, 65 minutes and 35 seconds from Boone Island and a total of three hours eight minutes and 25 seconds. The engineers of the trial board were surprised at the wonderful performance of the engines to-day; not the slightest difficulty developed and the engineers were unanimous in the opinion that the engines were the best they have ever handled. During the last 15 minutes of the run 11,800 horse power was developed. The average horse power developed was, however 9700, which was 700 more than required by the government. The maximum evolutions of the screws were 131 and the average revolutions were between 128 and 130. The average steam pressure at the boilers was 165 and at the engines 161. It is expected that the Indiana will go into commission about the first of next month.

A New Revenue Cutter.

St. Louis, Oct. 18.—The new revenue cutter, William Windom, built at Dubuque, Ia., to succeed the obsolete sidewheeler Crawford at the Baltimore station, arrived at the foot of Cass avenue to-day at 12:30 o'clock.

Captain Brann's is to command the Windom when she shall have been commissioned. She has twin screws and triple expansion engines of 860 horse power, which will drive the ship 16 knots an hour, making her the swiftest vessel in the service.

Burning Corn.

Lamonte, Mo., Oct. 18.—This afternoon sparks from a train set fire to a meadow two miles east of here. The fire spread rapidly and, to-night it is still raging, traveling in a northeasterly direction, burning cornfields, meadows, fences, etc. The farmers are unable to control the flames and with their wives and children are almost exhausted in their combat with the fire. The damage is very heavy so far.

Bicycle Workers Strike.

Toledo, O., Oct. 18.—To-day 2500 bicycle employees went on strike. All the bicycle factories of the city with the exception of the Viking works, are closed down indefinitely. A long and bitter struggle is looked for. The men ask for higher wages.

SILVER SNAKES.

What Denverites Saw at the Festival's Wind-Up.

IT WAS A GREAT SUCCESS.

Indian Dances and Races, Fire Department Parade, General Masking and the Mystical Parade was Witnessed in the Evening.

Denver, Oct. 18. Upon the sixth [illegible] face of the [illegible] City park fully [illegible] people stood for three hours in the afternoon [illegible] intensely delighted the [illegible] the San Clara Indians in their [illegible] dances. In the center of the [illegible] oval, excited by the thunders of applause from the spectators, the Utes gave their famous war dance with all the [illegible] possible. The squaws and papooses also participated in the fun. The Pueblo Indians excited the greatest attention because of their more picturesque attire. In the foot races the bucks were stripped almost naked and their copper skins fairly glistened with paints and oils. They closed their entertainment by giving several pony races around the oval. Six brass bands stationed at intervals about the track furnished plenty of music for the occasion.

While this entertainment was in progress at the City park, the down-town streets were made wildly hilarious from noon until 6 p. m. by the antics of several thousand people en masque who held the streets almost to the exclusion of traffic.

In the morning there was a brass band contest in front of the mammoth grand stand and a series of miners' drills for prizes at City park. Crowded into the day's programme was a parade of the city fire department, the apparatus lavishly decorated with the carnival colors.

At night the mysterious order of the Slaves of the Silver Serpent gave a parade under the thousands of colored incandescent lights which make Sixteenth street so beautiful.

Several thousand dollars had been expended by the order upon their floats and the effect was dazzlingly brilliant, rivalling the best efforts of New Orleans Mardi Gras.

The Festival of Mountain and Plain closed at a late hour by a reception held in the Brown Palace hotel by the officers of the Silver Serpent order and a grand ball participated in by the Slaves and invited guests.

This October festival has been the means of attracting the greatest crowds ever seen in Denver and the success of the affair has established it as a permanent annual event.

ONE RECORD FALLS.

The Paced Mile for Professionals Reduced to 1:55 1-5.

Denver, Oct. 18. One record fell to-day in the Denver meet of the national circuit bike races. This was in the one mile invitation for class B riders. Those invited were C. S. Wells, T. Cooper, C. I. Himstreet, Charles Murphy, E. Bald, W. A. Terrill. The riders were paced by the quad and they succeeded in considerable of a breeze to lower the professional record from 1:58 2-5 to 1:55 1-5. Bald and Murphy crossed the tape together and the judges declared the race a tie.

The winners shook dice for the prize, which Bald captured.

The attendance was very large.

Summaries: One mile, class A, 2:20 class—H. C. Clark won; M. M. Kreutz 2d; P. J. Becker 3d. Time 2.28 4-5.

One-third mile, open, class B—C. S. Wells won; C. M. Murphy 2d; E. Bald 3d. Time :42 3-5.

One-half mile, open, class A—P. J. Becker won; C. C. Collins 2d; John Green 3d. Time 1:08 4-5.

Two mile handicap, class A—J. Green, 60 yards, won; M. M. Kreutz, 60 yards, 2d; G. W. Card, 30 yards, 3d. Time 4:53 2-5.

One mile, class B, invitation race. E. Bald and Charles Murphy ran dead heat. Time 1:55 1-5.

CRIPPLE CREEK.

Latest News from the World's Greatest Gold Mining Camp.

Special to The Gazette.

Cripple Creek, Oct. 18.—The Colorado King, on Gold hill, is the latest prospect in camp to assume the shape of a mine. The shaft has been sunk to the depth of 85 feet on a well-defined vein and they have had some little ore from the start. As depth was added the vein increased in size and value and lately some little stuff has been encountered that would run from $20 to $30 to the ton. Yesterday a new streak of ore was encountered in the bottom of the shaft and this will run from two to three ounces to the ton. The property is situated to the northwest of the New Moon, and is being worked under bond and lease by Mr. Schulte of Michigan, who is largely interested in copper mines in that State. A new shaft-house and steam hoist will be erected at once, in fact the machinery is now on the ground. The bond calls for $40,000.

A new vein has been opened up on the Grace Greenwood, which sidelines the Mattie L., on Gold hill. No assays have been made on the ore yet but it looks very good. The lessees are confident that they have pay but are not inclined to talk much.

A good strike is reported to have been made on the Abe Lincoln on the De Witt lease. The claim is on the knoll dividing Poverty gulch and not far from the Rebecca (C. O. D.) The present workings are about four feet wide and it is said that the ore will average two ounces to the ton.

The Ruble shaft is now down a distance of 240 feet and the owners are working 20 men. All of them are employed on ore and are at work in the second, third and fourth levels. The output is 20 tons a day and about one-quarter of this is high grade that will run from $x to 3 ounces in gold to the ton. The low grade ore averages about $20 to the ton.

A VILLAGE BURNED.

Blanchester, O., Almost Completely Destroyed by Fire.

Blanchester, O., Oct. 18.—Early to-day fire broke out and the place is now almost destroyed. The fire started in Burke's livery stable from the carelessness of some smoker and [illegible] up to 10 o'clock to-night. A [illegible] prevailed almost the entire day, sweeping the flames in [illegible] buildings four blocks away [illegible] from burning cinders. Every business house is either entirely consumed or gutted and stock completely ruined.

In [illegible] this [illegible] destruction [illegible] burned down and families [illegible] homeless. Two churches, two bank buildings and the Odd Fellows and Masonic hall were [illegible] destroyed.

Editor A. C. Pollard and Fred Rey, a fireman, were badly burned.

The total loss will be over $150,000, with insurance not exceeding $50,000.

DOUBLE EXECUTION.

Two Men Hung at San Francisco for Murder on the High Seas.

San Quentin, Cala., Oct. 18.—The execution of the two United States prisoners Thomas St. Clair and Hans Hansen, for the murder of Third Mate Fitzgerald of the bark Hesper, took place this afternoon. The hour had been set for 2 o'clock in the afternoon in order that if there should be any desire on the part of the powers at Washington to interfere there would be plenty of time. As no official communication was received the programme was carried out to the letter. The men had spent the morning hours in preparation for their entry into the next world. A minute or two before the clock marked 2 the door to the execution room opened. Warden Hale was the first to pass through. Then followed the United States marshal, after which came St. Clair, bound and supported by guards. After them came Hansen and Rev. Peterson. The prisoners were assisted up the steep stairs and were placed on the traps. The spectators stood closely around the scaffold, watching every movement of the men and every expression of their faces. A dead silence fell on the throng and almost before they were aware the moment had arrived, the trap swung downward and the bodies slipped through and swung to and fro in the little enclosure beneath the platform.

The drop did its work effectively. The men were apparently lifeless the instant after their muffled forms tightened the rope. Both men died game, but made no speeches.

Hansen's pulse ceased to beat at the expiration of 10 minutes, and St. Clair's at 15. The necks of both were broken by the fall.

The executions were witnessed only by Marshal Baldwin, four deputies and 12 doctors. Newspaper men and others were excluded.

A New Way of Eviction.

Pender, Neb., Oct. 18.—The Indian police have adopted a new way of evicting settlers from the reservation. The following is the manner of treatment in the case of Claus Swanson, who was the first subject treated under the new method. Finding him at work in the cornfield, with nearly a full load of corn in his wagon, they proceeded to bind him hand and foot, load him into the wagon and drove to the agency. After unloading his corn they released him, with the suggestion that he wend his way to parts unknown. Evictions continue daily.

A Disastrous Fire.

New Orleans, Oct. 18.—A disastrous fire occurred here about 6 o'clock to-day. All the buildings fronting the river on the square between Elysian Fields street and Esplanade avenue were burned, including rice mill B., formerly known as Preservance rice mill, was entirely destroyed. This was one of the finest and best equipped rice mills in the country, having been thoroughly equipped with the newest and most improved machinery only 18 months ago.

It is said that there was at least $100,000 worth of clean rice in the mill. The amount of loss could not be stated to-night, but it is probably $200,000, partially covered by insurance.

Duke of Marlborough Arrested

New York, Oct. 18.—The Duke of Marlborough, the fiance of Miss Consuelo Vanderbilt, was arrested in Central Park this afternoon on the charge of violating a park ordinance.

The Duke was seen by a park policeman passing rapidly down a hill on his bicycle with feet on the handles. This is in violation of the park ordinance made for the safety of persons using the hill.

The Duke accompanied the policeman to the station. He said he regretted the occurrence, as he was unaware of the existence of any ordinance which he had apparently broken.

Roundsman Ryan, who was in charge, discharged the Duke after warning him not to repeat the offense.

Death of Mrs. Webster.

Harriet Goodrich, the wife of George H. Webster, Jr., died at her home in this city last evening about 9 o'clock. The death is peculiarly sad for the reason that Mrs. Webster came here a year ago a bride. She was a niece of Mr. and Mrs. Thomas Lowry of Minneapolis, and spent a great deal of time here with their daughters in late years. For several weeks she has been at death's door. The bereaved young husband and relatives have the sympathy of many friends in their sad affliction. There have been no arrangements made as yet for the funeral.

Y. M. C. A. Notes.

All young men of the city are reminded that Mrs. Ella Shepard Moore, a negress, one of the original Fiske Jubilee singers, is expected to speak to-morrow afternoon at 4:15 in the Y. M. C. A. rooms. Mrs. Moore is a very cultivated woman, and a fine speaker. She will probably sing some of the old jubilee songs. All men are welcome.

Gymnasium class at the Y. M. C. A. this evening.

The class in vocal music is starting off very nicely at the Y. M. C. A. Prof. Crafts is proving to be a careful and instructive teacher, and young men who desire to learn how to use their voices should get into the class at once. It meets each Friday evening at 7:15 sharp.

REVIEW OF TRADE.

R. G. Dun & Co.'s Weekly Commercial Summary.

New York, Oct. 18.—Dun's Review tomorrow will say:

Failures for October thus far cover liabilities of $3,927,599, of which $1,536,265 were of manufacturing and $2,185,534 of trading concerns. Failures for the week have been 265 in the United States, against 253 last year, and 46 in Canada against 43 last year.

The events of the week are promising in nature, though the speculative markets are not entirely encouraging. The great advance in cotton had arrested exports and so deranged exchanges that shipments of gold were for a time apprehended, but the break in the market indicates that the natural movement of the product may soon be restored. The halting of demand and moderate yielding of prices in the great industrial markets shows that a season of reasonable attention to demand conditions has arrived, and gives hope that the future demand will be more nearly proportioned to actual consumption. The week has brought a little further decline in iron and steel products, in hides, and leather, and a more yielding tone in boots and shoes.

Wheat does not go out freely, and the attempt to advance prices on Monday was followed by an immediate decline. The Atlantic exports, flour included, have been in the past three weeks, 4,558,457 bushels against 7,245,111 last year, and the big shipments from Russia and of late from Argentine show that the world is not yet obliged to pay Atlantic prices for American wheat. Western receipts for the week were remarkably large, 7,733,009 bushels, and for three weeks 21,638,307 against 14,017,261 last year. The rush of wheat to market and the largest output of flour ever known at Minneapolis are not evidences of a great shortage in yield, but the prices have changed only an eighth for the week. Corn is stronger without clear reason, for while exports in three weeks are 3,226,284 bushels against 246,705 last year, they can at best be disposed of only at an insignificant fraction of the great yield.

Some of the railroads report large gains in earnings, but on the whole, returns are still 6.7 per cent. smaller than in 1892, though 4.9 larger than last year.

The iron industry is still fully engaged on old orders, but new business is so scant that many of the works are seeking it at some concessions in price, and the only large contracts have been at $1,75 to $1.80 for bridge plates quoted at 1.9 to 2.0 cents. Quotations are not lower, though any good order commands some discount. Billets sell at $21 and rod at $28 at Pittsburg want of business in wire and wire nails continuing. Mills have to compete in pig iron and other products with speculators who took large quantities on advancing prices and actual consumption will not be fairly measured until the effects of the speculation are out of the way. So in boots and shoes, dealers throughout the country supplied themselves so largely when prices were advancing that many shops are laying off cutters, and others closing for want of orders. Boston shipments are 226 cases smaller than last year. Textile manufacturers have strong markets for materials to support them. But scarcely any advance is seen this week in cotton goods, though the rise for the month has averaged 4.1 per cent. The price of some worsteds have been advanced because advance abroad, but it is as questionable as ever how far the market can be held by domestic makers and woolen manufacturers have to face not only foreign competition, but an especial tendency of popular demand toward worsted fabrics. Sales of wool, 21,209,700 pounds at the three chief markets, against 13,702,800 in 1893, greatly exceed actual consumption.

Money markets have been easier with foreign exchange higher and the demand for crop purposes is remarkably small, while commercial offerings are increased by importers' settlements in advance on profitable business. Clearings for the past week are 23.3 per cent. larger than last year, but 14.7 per cent. less than in 1892.

VENEZUELAN QUESTION.

It will be Considered as Soon as Congress Meets.

Washington, Oct. 18.—The manner in which the Venezuelan question is to be brought before Congress has been outlined in a general way by those who have been most interested in the subject. This will be by means of a resolution to be introduced, it is probable, on the first day of the session. It will provide for the appointment of a committee of six, three from the Senate and three from the House, to consider the entire question and to report as to the rights and obligations of the United States and the course desirable for this government to take. This resolution, it is said, will not delay a speedy determination of the attitude of the United States. The purpose is to have all necessary material, in the way of historical data, ready for the committee as soon as it is appointed, and it is expected that a report will be made to both branches of Congress before the holiday recess.

KAFFIR MINING CRAZE.

It Has Struck New York—Speculation Boom to be Started.

New York, Oct. 18.—The Kaffir craze has struck New York, and in a few days mining shares will be traded in on the Stock Exchange in the unlisted department. A cablegram was received in Wall street to-day announcing that a prominent promoter, who has successfully placed large quantities of Kaffir securities in Berlin and Frankfurt, is now on the Atlantic on his way to this city. He is said to have letters of introduction to several large banking firms, and will endeavor to start an interest in the speculation here and dispose of blocks of South African mining stocks.

For some time the Kaffir excitement abroad has stirred up promoters and officials of mining companies of this country who are anxious, in case the same sort of speculative fever should break out here, to have as wide a market as possible for their securities and to be first in the field.

There are many mining stocks listed on the Consolidated Exchange here, and on the Boston Exchange and some on the New York Exchange, but the dealings in them have been narrow in this city.

It is a difficult matter to get a mining stock on the regular list of the Stock Exchange, but the conditions for entry into the unlisted department are not so severe.

The governing committee has agreed to admit the stock of the Boom mines to this department, and a number of concerns will avail themselves of the privilege in a few days.

Concerning the mining "boom," President John A. McCall of the New York Life Insurance company, who has just returned from London, says:

"The mad rush for shares in the South African mines by London investors was the most astonishing thing in the way of speculation I have ever seen. The purchasers were like so many hungry wolves, who could not be fed fast enough. There seemed to be very little effort on the part of the investors to make inquiries about what they were buying. Everybody was buying and everybody did what everybody else was doing. I remember one instance. The so-called 'king of the Kaffirs,' Barney Barnato, who was once, I believe, a circus performer, announced in London the opening of a new mine in the Transvaal called 'the Coffin.' It was, I believe, about seven feet long and four feet deep. No one in London knew anything about the 'mine,' but the shares were put upon the market, and in no time they were at a fabulous premium. Of course this is merely public speculation, and it is only a matter of time when the bubble will burst."

W. C. T. U. NOTES.

Election of Officers—Pertinent Comments by the Press Superintendent.

The time was mostly taken up at the regular meeting on Wednesday with election of vice-presidents from the churches and superintendents for the various departments of work, for the coming year. The new officers and superintendents are as follows:

President, Mrs. E. W. Chambers; first vice-president, Mrs. Hattie A. Balcomb; recording secretary, Mrs. S. Jencks; corresponding secretary, Mrs. A. J. Gilbert; treasurer, Mrs. Olive Knox. Vice-presidents from churches are: First Congregational, Mrs. L. B. Farrar; First Presbyterian, Mrs. A. J. Gilbert; First M. E., Mrs. S. J. Bradley; First Baptist, Mrs. C. A. Friend; Christian, Mrs. L. Yonte; United Presbyterian, Mrs. Shaw; Friends, Mrs. Mary H. Carpenter.

The superintendents of departments are as follows:

English literature, Miss B. G. Metz; mothers' meetings, Mrs. S. Jencks; medal contest, Mrs. C. E. Blake; parliamentary usage, Mrs. H. Balcomb; parlor meetings, Mrs. C. A. Friend; press, Mrs. Hattie A. Balcomb, prison and jail, Mrs. A. J. Gilbert; purity and white shield, (in hands of a committee); cottage home and rescue work, Mrs. Woodworth; temperance temple, Mrs. L. Yonte; legislative and petition, Mrs. E. W. Chambers.

A few words of explanation may not come in amiss here. From this report some might infer that owing to the multiplicity of offices given in several cases to one individual, that our society was made up of a band of office-seekers. But truth to tell, such is not the case—the real facts being that lack of material accounts for this state of affairs, and until our members increase, one woman must do the work of two or three. Dear sisters outside our ranks, come and work with us in this great reform movement and you shall see how ready many of us will be to divide the honors of office with you, and magnanimously give you part of the work to do. If the W. C. T. U. is anything, it is certainly unselfish. Notwithstanding this doubling up of duties already spoken of, we have still left open to yet be filled the following departments: Evangelistic, scientific, temperance instruction, young woman's work, and Bands of Mercy. I throw this out as a suggestion, hoping that some sister who is specially interested in one of these departments may be moved to "come over into Macedonia and help us."

The reader will notice that in our list of vice-presidents several churches are conspicuous by their absence. It is with humiliation and regret that we have to confess to the public that this is owing to the fact that our society has no member from these churches. "'Tis true; and pity 'tis, 'tis true," but we are talking now of adding a new department to our work—that of "missionary to the churches." If anyone can suggest another name which shall be as comprehensive and be less of a reflection, so to speak, will they kindly hand the name to our secretary before our next meeting? I feel sure that Christian Endeavorers especially will be glad to know that we are talking of securing the inimitable John G. Wooley for a lecture in Colorado Springs. All who have heard him are enthusiastic over his coming, and those of us who have had to content ourselves with reading his grand words, are of course very anxious to hear him. I said we are "talking" of having Mr. Wooley. But it takes money as well as talk to bring him here, and we must work to raise the money, and let him do the talking, which he can certainly do grandly if given the opportunity.

At the next meeting of the W. C. T. U. the State convention will be reported by the delegates.

A Chop

MAY be ever so nice a cut or deliciously cooked, but it won't taste good if you are out of humor. This cannot happen when you use one of our "New Woman's Extension Tables." If you want to buy a table you better come where the tables are. Our $18 Chamber Suits are hard to beat. If you don't want one don't come to see them, because the merits of the goods at the price we name, will tempt you to buy one when you didn't intend to.

COLORADO SPRINGS FURNITURE CO.

No man can fully understand the overcrowded condition of the business quarter, and the urgent demand for more business buildings, unless he will go out and endeavor to secure a location for almost any line of business. The peculiar platting of this city, placing a wide park at each end of the business section, and a wide avenue at each side, will serve to keep the real center just where it now is, and instead of spreading over a big lot of territory, the pressure will be relieved by the erection of tall buildings. Ground in the business portion of the city is always hard to get, always getting higher in price, and always getting scarcer. For several years we have made a specialty of this class of property, and think we have sold more than half the property that has changed hands in the business district in recent years. The properties sold are scattered all over the business part of town, yet there is not a man who would sell out at the same price he paid.

For $30,000 we offer a fine piece of business property, fronting on Tejon street, that with a new building of almost any kind, will pay handsomely. Considering area and frontage, this is the cheapest thing on Tejon.

For $110,000 we can bunch some holdings that will net better than 8 per cent. on the investment.

For $10,000 we have a business building leased at $500 per year. This beats buying an annuity or loaning money.

The same price buys a 25-foot store on Tejon street.

50x100 foot Huerfano corner, well rented, for $10,000.

THE LAST DAY.

This is the last day for registration.

If your name is not on the poll-books by to-night, you cannot vote at the coming election.

If you don't vote this fall, you will be responsible if the Populists succeed in getting possession of the county offices.

What Populist domination in county affairs means, may be seen from the tax rates of the present Populist counties. There is not single one of them in which the tax rate for county purposes is not almost twice as high as it is in this county this year; and in most of them it is three or four times as high.

The candidates on the Republican ticket are all men worthy of your support The affairs of this county have been managed under the Republican officers who have been in, better than the affairs of any other county in the State. We have no debt; our taxes are the lowest in the State; our courts are most thoroughly respected; our administration of justice is the surest. If you want this state of affairs to continue, vote the Republican ticket; and you cannot vote unless you are registered before night.

Don't be deceived into thinking that it makes very little difference this fall who wins; it makes just as much difference to the county as it did to the State who won last fall

See to it that your name is on the poll-books when they are closed to-night. They will be open all day at the Coliseum.

WHY THREE TICKETS?

When the ballots come to be printed this fall, three of the tickets will be just alike except for the image and superscription at the top.

One will be headed "Populist," and will have the Cottage Home emblem; one will be headed "Democratic," and will have the rooster emblem; and will be headed "Independent," and will have another emblem. But the names on the three will be precisely the same

Why have three tickets, when the three are one?

The answer is easy. It is to catch unthinking voters; to make Democrats believe they are voting a Democratic ticket when there is only one Democrat on the ticket, and the rest are either "scorchead" Republicans or Populists, to make the "Independents" believe they are voting an independent ticket, when the ticket is absolutely dependent on the Populists, and contains seven straight Populist candidates.

Democrats should stop and think before they vote this ticket. Last fall most of them, in this city, helped to redeem the State from the desperate ills of Populist domination; now they are asked to put the county in control of the same gang that supported Waite last fall A year and a half ago, there was no distinction between Democrats and Republicans when law and order were outraged in this county. All stood together and backed the authorities. Now, Democrats are asked to put the gang in power in this county which brought on the Cripple Creek war, which defied the authorities, which openly—as long as it dared—even in this city, aided and abetted the rebellion of John Cablerwood and his men, Will they do it? We are willing to leave the matter to their own consciences.

Now a word to dissatisfied Republicans: Some of you don't like one or two of the nominees on the Republican ticket; more of you don't like the fact that the primary elections were carried against your personal choice for some of the officers. But what would you think of the loyalty of the present county officers if they had bolted the ticket?

The practical question for you now is, which ticket is the best for you to support? Can you afford, for the sake of personal grievances, or because you dislike one or two of the candidates on the Republican ticket, to go over to the Populists, and support a Populist ticket?

All of you know that it is a Populist ticket, and that if it is elected, it will be elected by the votes of the men who supported Waite, who did their worst to ruin the State and the county, who earned last year your well-deserved execration. All of you profess to have the interests of the county at heart; can you believe that the interests of the county would be served by the election of a Populist ticket?

Think again: you went into the Republican primaries; you tried to get delegates elected at those primaries who would nominate on the Republican ticket the men you wanted nominated. Is it manly or honorable for you to bolt, or even to sulk, because the majority of the party elected delegates who voted for nominees some of whom you did not wish to have put on the ticket? If you had succeeded in nominating the men you wanted, would you have considered it manly—or honorable for your opponents within the party to go off and make a combination with Populists and Democrats, based upon a division of the spoils, and oppose the regular Republican ticket after taking part in the Republican primaries and in the Republican county convention? If it would not have been manly or honorable for them to do that, it is not manly or honorable for you to do it now.

There are not many Republicans who are thinking of doing anything of this sort; but there are a few of them, and some of them are men whom we esteem, and whom we should regret very much, for their own sake, to see abjuring their allegiance to the Republican party on account of private and personal feelings.

There remain the Populists. To them we have no right to speak except as political enemies. To them we say: You have got a better ticket than you could have got unaided, even though it be not nearly as good as the Republican ticket. Go ahead and support it; vote for it and work for it. Get the Republican "gang" out if you can, and get your own "gang" in. If you succeed, and if when you have succeeded you bring this county to the financial condition of the Populist counties of this State and make a "good thing" out of it for yourselves and your personal friends, the Democrats and "independents" who have helped you will have no right to object. We don't expect anything else of you. If you succeed. There is no half-way business about you. You have given up three important offices, simply for the sake of having a better chance to get the rest. You haven't any principles to betray, nor any judgment to appeal to. Go ahead and win if you can

But we don't think you will win; and we shall do all we can to prevent your winning, and we want all honest Republicans and Democrats to aid us in beating you.

The "open door" basis of church unity proposed in the Episcopal convention has been voted down; very sensibly, it seems to us, for the proposal, while it was made in good faith, was simply ridiculous The Episcopalians have done all that they can be expected to do toward organic unity of the church; they have told the other denominations that they can have unity if they will all become Episcopalians, and everybody understands the position, we guess. The Roman Catholics occupy identical ground They are perfectly willing that Christendom should be one, also, and on the same sort of basis as the Episcopalians propose; that all the rest of Christendom shall acknowledge the authority of the Pope. It is useless to strive for organic unity. It cannot come for many decades yet, if it ever comes at all. It is better and more practical to strive for harmony in diversity. That, or a goodly measure of it, is something that may possibly be attained, if Christians have the right spirit, within the next twenty years.

There seems to be a genuine revival throughout a large part of the Turkish dominions of old-fashioned Turkish spirit. In the "good old times," the Turks killed all the men who would not become followers of the prophet, and made slaves and concubines of all the women; and that is what they would like to do now. They are trying it in various parts of Asia Minor, and the old truculent spirit is up, and it will be hard for the Sultan to do anything to repress it even if he tries. And he won't try. He will assure the powers that he will do all he can to preserve order; but everybody knows what that means. It is time the Turk should be suppressed. He is an anachronism.

The Populists seem to have given a large equivalent for outside support for their ticket. The mass convention of "Independent Republicans" last week contained eighteen men and women, all told; and the mass convention of Democrats Thursday night contained twenty persons. Three important offices, in return for thirty-eight votes or for ten times thirty-eight votes, for that matter—seems to be very generous.

CLEVELAND AN AMERICAN.

Don Dickinson Speaks "Sarkastikle" in an Interview.

"The foreign policy of President Cleveland is vigorously and aggressively American. It will prove its faith by its works, and no words of prophecy are needed from me.

"When promised results are attained, every citizen of the United States who in times past has criticised the foreign policy of the administration will be ashamed of himself and wonder why he ever did so."

So said ex-Postmaster-General Don M. Dickinson to-day.

"It is a great mistake to suppose the foreign policy of the President is, or ever has been, anything but a vigorously American policy," continued Mr. Dickinson, "Mr. Cleveland is right on all the great questions, and has been right all the time.

"As to the details of the various international complications, the Venezuela boundary dispute and the Cuban insurrection, I lay claim to no special knowledge. But the general policy which actuates the President in determining our attitude toward their treatment and solution is, it seems to me, patent to all observers, and I have no doubt this will be such as to leave no room for complaint on the part of any patriotic American.

"If President Cleveland had been able to carry out all his plans in Hawaii he would have restored the statu quo and then taken up the question of annexation. Then it would have rested with the people of Hawaii themselves to say whether or not they should be annexed to the United States, and they would have had an opportunity to express their wishes freely and fully at the ballot box." More Gold Exports.

Washington, Oct. 18.—The withdrawal of $600,000 in gold at New York to-day for export to Buenos Ayres, Argentine Republic, reduces the gold reserve to $92,840,068. It has been several weeks since the gold export movement ceased and its resumption to-day, while not unexpected, is unwelcome. It is believed, however, that it does not presage another onslaught on the gold reserve to any great extent, although other small shipments of gold may be made next week.

Fifty Persons Drowned.

Cairo, Oct. 18.—Heavy loss of life was caused near here to-day by a collision between a ferryboat and a steamer. A ferryboat, which had on board 60 persons, mostly workmen, ran into the steamer and capsized. Fifty of those on the boat were drowned before assistance could reach them.

THE FULLERTON CONSUMPTION CURE

Taking as a basis the fact that Consumption is due to a bacilli, as fully demonstrated by Koch in 1882, and later by hundreds of scientists throughout the world, it only remained for the investigator to find a remedy that would destroy the germ without harm to the patient, and that remedy we claim to offer in the Fullerton Consumption Cure, incorporating in a beautiful limpid antiseptic solution one of the best recognized tonics, a specific alterative, and a powerful vegetable germicide, which is injected hypodermically directly into the capillary circulation, is quickly absorbed without special irritation, carried by the veins to the right side of the heart, from thence pumped directly through the pulmonary arteries into the lungs, coming in direct contact with the disease.

This treatment is no longer a vague theory. It has safely passed its experimental stage, and for more than four years has been successfully used, furnishing positive proof that if intelligently administered for a sufficient length of time it will cure a greater per cent. of cases than any other known remedy.

MOST ENCOURAGING REPORTS AT THE ANNUAL MEETING

The Societies are Increasing in Numbers and Extending Their Work Officers were Elected at the Meeting Thursday Night.

The annual meeting of the Colorado Springs Christian Endeavor union was held last Thursday evening at the First Baptist church. There was a fairly good attendance, notwithstanding the large number being out of the city in attendance of the Denver celebration.

The meeting began with a 10-minute praise service conducted by Mr J. O. McCracken. Rev. Finkbinder, pastor of the English Lutheran church, read the Scripture and led in opening prayer.

The secretary of the union, Miss Glencora Kindig, then read the following report:

This month closes a most prosperous year for our Colorado Springs Christian Endeavor union, including Colorado City.

The last report of the members belonging to the different societies shows a membership of 652 active members, 92 associate members and 535 juniors, making a total membership of 1,179. This is an increase of 101 active, 4 associate and 78 juniors, a total of 183 over the report of membership made one year ago.

The Baptist society of Colorado City deserves special mention, as the membership of that society shows an increase of 33.

The Methodist society of this city reports 41 more members than a year ago. They also can claim the largest society in the State; their active, associate and junior membership making a total of 291.

Not only has there been an increase in numbers, in the union, but there has also been an increase in activity.

As a first indication of activity it was deemed expedient to adopt a constitution, in order that the powers of the union might be more clearly defined.

As provided for in article V., the executive committee was to consist of the officers of the union, and the representatives chosen from the individual societies, based on a scale of one representative for every 50 members or fraction thereof. Consequently when business meetings were called these representatives and officers assembled and talked of plans for carrying on the Master's work, there grew a broad, friendly feeling for all societies, and a kindly interest in each other's work.

One of the prominent features of the union's work has been the organizing and supporting of a Christian Endeavor mission. Sabbath school is held every Sunday-afternoon, in which are found laboring together workers from every society with the most cheerful, willing and earnest spirit.

The Sunday school was convened for the first time on the first Sunday in January, 1895. The room procured was small, and the Sabbath school has entirely outgrown its present quarters.

Besides the Sunday school, Christian Endeavor prayer meetings are held on Sunday evenings, and a sewing school conducted on Saturday afternoons.

Another indication of the responsiveness of our Endeavorers was shown in the large attendance at the union social held in the Coliseum. More than 800 Endeavorers were present. An entertaining musical and literary programme was rendered after which refreshments were served and a social time enjoyed by all. This social netted the union $50, which was given to the State executive committee for their use.

On Christian Endeavor Day an early morning prayer meeting was held at the parlors of the Y. M. C. A. A large number were present, and an earnest, prayerful spirit was manifest.

After the national convention held in Boston, an "echo meeting" was held in the First Christian church. Seven Endeavorers of our city, who had been in attendance at that convention, made reports.

The inspiration they had gained was imparted to others, and the hearers went forth to labor more enthusiastically than before and to undertake greater things "for Christ and the church."

So these meetings during the year have awakened and strengthened the feeling that we can labor together and by word, smile or other Christian cheer, aid each other.

In the coming year we will be just as strong a union, as the various societies are strong; and a society is just as strong as its individual members. So, then, let each one of us "forgetting those things which are behind, and reaching forth unto those things which are before, press toward the mark for the prize of the high calling of God in Christ Jesus."

After singing, Mr. H. J. Olmstead, the chairman of the mission building committee, reported, that the proposed building with a seating capacity of 200, would cost about $300, and that $200 had already been subscribed. The committee had two plans in regard to the lot, one to purchase, the other to lease, but as yet they could not definitely decide. Mr. Bray followed with a few remarks concerning the necessity of continuing the mission Sabbath school, and the importance of securing warmer quarters before the winter began. Mr. Bray said that there were at present 75 scholars in the school, and he believed this number could be immediately increased to 150 if the place was big enough.

Reports from the various societies of the union followed. From all the societies came most encouraging reports in regard to growth, plans of work and amount given to mission work.

The election of officers resulted in the re-election of Mr. O. H. Shoup of the First Presbyterian church for president; Mr. H. K. Chapman of the First Congregational church for first vice president, Mrs. E. W. Stanley of the United Presbyterian church for second vice president, Miss Grace Plimpton of the Second Presbyterian church for third vice president, Miss Mary Morse of the First Christian church for recording secretary, Mr. H. K. Wing of the Second Congregational church for corresponding secretary, Mr. B. F. Scribner of the First Methodist church for treasurer, Miss Glencora Kindig of the First Baptist church for superintendent of the mission.

The meeting then listened to a most interesting address by the Rev. B. B. Burton, pastor of the First Christian church. The many helpful remarks were well received. He said: "What a grand thing it would be to live in this age, if Christian endeavor had only been started 100 years ago." He said: "The church some years ago was like some of the little tug boats that used to run on the Mississippi river, and they had so little steam, that they had to stop when they whistled, but I think God, since the Christian Endeavorers have come in that they can whistle all they want to, without stopping."

At the close of Rev. Burton's address Mr. T. P. Patterson ... a ... few ... work for members, especially associate members.

The president of the union, in a few well chosen words thanked the members of the union for their hearty co-operation in all the union work during the past year.

After singing "Blest be the Tie that Binds," the meeting was dismissed with the Christian Endeavor benediction, "The Lord watch between me and thee, while we are absent one from another."

Homes for Children

The Colorado Children's Home society sends the following report of its work for September:

Number of children on hand Sept. 1	7
Number of children received during the month	5
Number returned for replacement	1
Number placed in homes for the first time	9
Number replaced	2
Number of miles traveled in the work	1,232
Whole number of children placed since the work began	119

Homes are wanted for a nice little boy 5 years old, and for several fine baby boys and girls.

Any one desiring to adopt a child or knowing of one needing a home can address Mrs. H. S. Magannis, State Superintendent, 316 Seventeenth avenue, Denver, Colo., or Miss E. M. Smalley, Assistant Superintendent, Colorado Springs, Colo.

A Contented Woman.

The music in Hoyt's latest comedy triumph, "A Contented Woman," was composed by Richard Stahl, an operatic composer, whose name and ability is quite well known to playgoers. It is all new and strictly up to that point of newness which is characteristic with the lyrics of all the Hoyt comedies. Mr Hoyt has supplied the words in several of the vocal numbers of a topical tinge, and has also been careful to engage artists capable of giving them the right sort of interpretation "A Contented Woman" will be seen here next Tuesday evening at the Opera House. Mr. Hoyt will personally direct the performance.

Coliseum Popular Concerts.

The managers of the Coliseum are planning a series of first class concerts, to be given about once a month, at a very small admission fee, so that all, young and old, rich and poor, may enjoy them. During the series, some fine soloists from Denver and probably from Chicago, will be imported. We have in our city some of the finest soloists that can be found in this country, and some of them will be heard in this first concert. Among these who will appear are Professor and Mrs. George E. Crafts.

A dispatch was received yesterday from the father of Douglass Campbell, the young boy who died here under such sad circumstances, stating that he would be here this morning. Mr. M. B. Irvine has taken little Harold to his home and is keeping him until the father arrives. Hundreds of kind people offered to help him yesterday if he needs it. What will be done can best be decided after the father gets here.

Yesterday The Gazette had a dispatch telling of the loss of securities by Bank Commissioner Breidenthal to Kansas. He left them in his seat at Topeka, Kan., on a Rock Island train. They were the securities of a Fort Scott bank that had failed and amounted to $120,000. Yesterday they were found in Denver after the train arrived there, and last night they were shipped to Mr. Breidenthal by express by the Rock Island company. They lay in the seat all the way undisturbed.

A Goldsmith could have found matter for a "deserted village" poem in this place the past three days. Yesterday it seemed as if the entire town had turned out and deserted their places of business. The rest of the State seems to be in the same condition. No doubt they will come back from their holiday refreshed and better prepared for work.

A great many people do not seem to understand that the mail is now collected in time for every Eastern train, and they keep carrying their letters to the postoffice. A letter dropped in at night is collected early enough in the morning to catch the Eastern mail.

The Northwestern Insurance company of Milwaukee owns more Colorado Springs bonds than any other corporation according to its last statement. It holds $... 6 per cent. ... $..., ... 5 per cent. city bonds and $25,000 5 per cent. school bonds.

THE LAST DAY.

This is the last day for registration.

If your name is not on the poll-books by to-night, you cannot vote at the coming election.

If you don't vote this fall, you will be responsible if the Populists succeed in getting possession of the county offices.

What Populist domination in county affairs means, may be seen from the tax rates of the present Populist counties. There is not single one of them in which the tax rate for county purposes is not almost twice as high as it is in this county this year; and in most of them it is three or four times as high.

The candidates on the Republican ticket are all men worthy of your support The affairs of this county have been managed under the Republican officers who have been in, better than the affairs of any other county in the State. We have no debt; our taxes are the lowest in the State; our courts are most thoroughly respected; our administration of justice is the surest. If you want this state of affairs to continue, vote the Republican ticket; and you cannot vote unless you are registered before night.

Don't be deceived into thinking that it makes very little difference this fall who wins; it makes just as much difference to the county as it did to the State who won last fall

See to it that your name is on the poll-books when they are closed to-night. They will be open all day at the Coliseum.

WHY THREE TICKETS?

When the ballots come to be printed this fall, three of the tickets will be just alike except for the image and superscription at the top.

One will be headed "Populist," and will have the Cottage Home emblem; one will be headed "Democratic," and will have the rooster emblem; and, will be headed "Independent," and will have another emblem. But the names on the three will be precisely the same

Why have three tickets, when the three are one?

The answer is easy: It is to catch unthinking voters; to make Democrats believe they are voting a Democratic ticket when there is only one Democrat on the ticket, and the rest are either "sorehead" Republicans or Populists; to make "Independents" believe they are voting an independent ticket, when the ticket is absolutly dependent on the Populists, and contains seven straight Populist candidates.

Democrats should stop and think before they vote this ticket. Last fall most of them, in this city, helped to redeem the State from the desperate ills of Populist domination; now they are asked to put the county in control of the same gang that supported Waite last fall A year and a half ago, there was no distinction between Democrats and Republicans when law and order were outraged in this county. All stood together and backed the authorities. Now, Democrats are asked to put the gang in power in this county which brought on the Cripple Creek war, which defied the authorities, which openly—as long as it dared—even in this city, aided and abetted the rebellion of John Calderwood and his men. Will they do it? We are willing to leave the matter to their own consciences.

Now a word to dissatisfied Republicans. Some of you don't like one or two of the nominees on the Republican ticket; more of you don't like the fact that the primary elections were carried against your personal choice for some of the officers. But what would you think of the loyalty of the present county officers if they had bolted the ticket?

The practical question for you now is, which ticket is the best for you to support? Can you afford, for the sake of personal grievances, or because you dislike one or two of the candidates on the Republican ticket, to go over to the Populists, and support a Populist ticket?

All of you know that it is a Populist ticket, and that if it is elected, it will be elected by the votes of the men who supported Waite, who did their worst to ruin the State and the county, who earned last year your well-deserved execration. All of you profess to have the interests of the county at heart; can you believe that the interests of the county would be served by the election of a Populist ticket?

Think again: you went into the Republican primaries; you tried to get delegates elected at those primaries who would nominate on the Republican ticket the men you wanted nominated. Is it manly or honorable for you to bolt, or even to sulk, because the majority of the party elected delegates who voted for nominees some of whom you did not wish to have put on the ticket? If you had succeeded in nominating the men you wanted, would you have considered it manly or honorable for your opponents within the party to go off and make a combination with Populists and Democrats, based upon a division of the spoils, and oppose the regular Republican ticket after taking part in the Republican primaries and in the Republican county convention? If it would not have been manly or honorable for them to do that, it is not manly or honorable for you to do it now.

There are not many Republicans who are thinking of doing anything of this sort; but there are a few of them, and some of them are men whom we esteem, and whom we should regret very much, for their own sake, to see abjuring their allegiance to the Republican party on account of private and personal feelings.

There remain the Populists. To them we have no right to speak except as political enemies. To them we say: You have got a better ticket than you could have got unaided, even though it be not nearly as good as the Republican ticket. Go ahead and support it; vote for it and work for it. Get the Republican "gang" out if you can, and get your own "gang" in. If you succeed, and if when you have succeeded you bring this county to the financial condition of the Populist counties of this State and make a "good thing" out of it for yourselves and your personal friends, the Democrats and "Independents" who have helped you will have no right to object. We don't expect anything else of you, if you succeed. There is no half-way business about you. You have given up three important offices, simply for the sake of having a better chance to get the rest. You havn't any principles to betray, nor any judgment to appeal to. Go ahead and win if you can.

But we don't think you will win; and we shall do all we can to prevent your winning, and we want all honest Republicans and Democrats to aid us in beating you.

The "sidedoor" basis of Church unity proposed in the Episcopal convention has been voted down; very sensibly, it seems to us, for the proposal, while it was made in good faith, was simply ridiculous The Episcopalians have done all that they can be expected to do toward organic unity of the church; they have told the other denominations that they can have unity if they will all become Episcopalians, and everybody understands the position, we guess. The Roman Catholics occupy identical ground They are perfectly willing that Christendom should be one, also, and on the same sort of basis as the Episcopalians propose; that all the rest of Christendom shall acknowledge the authority of the Pope. It is useless to strive for organic unity It cannot come for many decades yet, if it ever comes at all. It is better and more practical to strive for harmony in diversity. That, or a goodly measure of it, is something that may possibly be attained, if Christians have the right spirit, within the next twenty years.

There seems to be a genuine revival throughout a large part of the Turkish dominions of old-fashioned Turkish spirit In the "good old times," the Turks killed all the men who would not become followers of the prophet, and made slaves and concubines of all the women; and that is what they would like to do now. They are trying it, in various parts of Asia Minor, and the old truculent spirit is up, and it will be hard for the Sultan to do anything to repress it, even if he tries. And he won't try. He will assure the powers that he will do all he can to preserve order; but everybody knows what that means. It is time the Turk should be suppressed. He is an anachronism.

The Populists seem to have given a large equivalent for outside support for their ticket. The mass convention of "Independent Republicans" last week contained eighteen men and women, all told; and the mass convention of Democrats Thursday night contained twenty persons Three important offices, in return for thirty-eight votes—or for ten times thirty-eight votes, for that matter—seems to be very generous.

CLEVELAND AN AMERICAN.

Don Dickinson Speaks "Sarkastikle" in an Interview.

"The foreign policy of President Cleveland is vigorously and aggressively American. It will prove its faith by its works and no words of prophecy are needed from me

"When promised results are attained, every citizen of the United States who in times past has criticised the foreign policy of the administration will be ashamed of himself and wonder why he ever did so."

So said ex-Postmaster-General Don M. Dickinson to-day.

"It is a great mistake to suppose the foreign policy of the President is, or ever has been, anything but a vigorously American policy," continued Mr. Dickinson, "Mr. Cleveland is right on all the great questions, and has been right all the time.

"As to the details of the various international complications, the Venezuela boundary dispute and the Cuban insurrection, I lay claim to no special knowledge. But the general policy which actuates the President in determining our attitude toward their treatmnet and solution is, it seems to me, patent to all observers, and I have no doubt this will be such as to leave no room for complaint on the part of any patriotic American.

"If President Cleveland had been able to carry out all his plans in Hawaii he would have restored the statu quo and then taken up the question of annexation. Then it would have rested with the people of Hawaii themselves to say whether or not they should be annexed to the United States, and they would have had an opportunity to express their wishes freely and fully at the ballot box." (Wash. Cor. Boston Globe.

More Gold Exports.

Washington, Oct. 18.—The withdrawal of $490,000 in gold at New York to-day for export to Buenos Ayres, Argentine Republic, reduces the gold reserve to $92,840,668. It has been several weeks since the gold export movement ceased and its resumption to-day, while not unexpected, is unwelcome. It is believed, however, that it does not presage another onslaught on the gold reserve to any great extent, although other small shipments of gold may be made next week.

Fifty Persons Drowned.

Cairo, Oct. 18.—Heavy loss of life was caused near here to-day by a collision between a ferryboat and a steamer. A ferryboat, which had on board 60 persons, mostly workmen, ran into the steamer and capsized. Fifty of those on the boat were drowned before assistance could reach them.

THE FULLERTON CONSUMPTION CURE

Taking as a basis the fact that Consumption is due to a bacilli, as fully demonstrated by Koch in 1882, and later by hundreds of scientists throughout the world, it only remained for the investigator to find a remedy that would destroy the germ without harm to the patient, and that remedy we claim to offer in the Fullerton Consumption Cure, incorporating in a beautiful limpid antiseptic solution one of the best recognized tonics, a specific alterative, and a powerful vegetable germicide, which is injected hypodermically directly into the capillary circulation, is quickly absorbed without special irritation, carried by the veins to the right side of the heart, from thence pumped directly through the pulmonary arteries into the lungs, coming in direct contact with the disease.

This treatment is no longer a vague theory but has passed the experimental stage, and for more than four years has been successfully used, furnishing positive proof that if intelligently administered for a sufficient length of time it will cure a greater per cent. of cases than any other known remedy.

MOST ENCOURAGING REPORTS AT THE ANNUAL MEETING

The Societies are Increasing in Numbers and Extending Their Work Officers were Elected at the Meeting Thursday Night.

The annual meeting of the Colorado Springs Christian Endeavor union was held last Thursday evening at the First Baptist church. There was a fairly good attendance, notwithstanding the large number being out of the city in attendance of the Denver celebration.

The meeting began with a 10-minute praise service conducted by Mr J O McCracken. Rev. Finkbinder, pastor of the English Lutheran church, read the Scripture and led in opening prayer.

The secretary of the union, Miss Glencora Kindig, then read the following report:

This month closes a most prosperous year for our Colorado Springs Christian Endeavor union, including Colorado City.

The last report of the members belonging to the different societies shows a membership of 6[illegible] active members, [illegible] associate members and [illegible] juniors, making a total membership of 1,1[illegible]. This is an increase of 161 active, [illegible] associate and 7[illegible] juniors, a total of 18[illegible] over the report of membership made one year ago.

The Baptist society of Colorado City deserves special mention, as the membership of that society shows an increase of 33.

The Methodist society of this city reports 41 more members than a year ago. They also can claim the largest society in the State; their active, associate and junior membership making a total of 291.

Not only has there been an increase in numbers, in the union, but there has also been an increase in activity.

As a first indication of activity it was deemed expedient to adopt a constitution, in order that the powers of the union might be more clearly defined.

As provided for in article V., the executive committee was to consist of the officers of the union, and the representatives chosen from the individual societies, based on a scale of one representative for every 50 members or fraction thereof. Consequently when business meetings were called these representatives and officers assembled and talked of plans for carrying on the Master's work, there grew a broad, friendly feeling for all societies, and a kindly interest in each other's work.

One of the prominent features of the union's work has been the organizing and supporting of a Christian Endeavor mission. Sabbath school is held every Sunday afternoon, in which are found laboring together workers from every society with the most cheerful, willing and earnest spirit.

The Sunday school was convened for the first time on the first Sunday in January, 18[illegible]. The room procured was small, and the Sabbath school has entirely outgrown its present quarters.

Besides the Sunday school, Christian Endeavor prayer meetings are held on Sunday evenings, and a sewing school conducted on Saturday afternoons.

Another indication of the responsiveness of our Endeavorers was shown in the large attendance at the union social held in the Coliseum. More than 500 Endeavorers were present. An entertaining musical and literary programme was rendered after which refreshments were served and a social time enjoyed by all.

This social netted the union $50, which was given to the State executive committee for their use.

On Christian Endeavor Day an early morning prayer meeting was held at the parlors of the Y. M. C. A. A large number were present, and an earnest, prayerful spirit was manifest.

After the national convention held in Boston, an "echo meeting" was held in the First Christian church. Seven Endeavorers of our city, who had been in attendance at that convention, made reports.

The inspiration they had gained was imparted to others, and the hearers went forth to labor more enthusiastically than before and to undertake greater things "for Christ and the church."

So these meetings during the year have awakened and strengthened the feeling that we can labor together and by word, smile or other Christian cheer, aid each other.

In the coming year we will be just as strong a union, as the various societies are strong; and a society is just as strong as its individual members. So, then, let each one of us "forgetting those things which are behind, and reaching forth unto those things which are before, press toward the mark for the prize of the high calling of God in Christ Jesus."

After singing, Mr. H. J. Olmstead, the chairman of the mission building committee, reported, that the proposed building with a seating capacity of 200, would cost about $3[illegible] and that $2[illegible] had already been subscribed. The committee had two plans in regard to the lot, one to purchase, the other to lease, but as yet they could not definitely decide. Mr Bray followed with a few remarks concerning the necessity of continuing the mission Sabbath school, and the importance of securing warmer quarters before the winter began. Mr. Bray said that there were at present 75 scholars in the school, and he believed this number could be immediately increased to 1[illegible] if the place was big enough.

Reports from the various societies of the union followed. From all the societies came most encouraging reports in regard to growth, plans of work and amount given to mission work.

The election of officers resulted in the re-election of Mr. O. H. Shoup of the First Presbyterian church for president; Mr. H. R. Chapman of the First Congregational church for first vice president, Mrs. E. W. Stanley of the United Presbyterian church for second vice president, Miss Grace Plimpton of the Second Presbyterian church for third vice president, Miss Mary Morse of the First Christian church for recording secretary, Mr. H. K. Wing of the Second Congregational church for corresponding secretary, Mr. B. F. Scribner of the First Methodist church for treasurer, Miss Glencora Kindig of the First Baptist church for superintendent of the mission.

The meeting then listened to a most interesting address by the Rev. B B Burton, pastor of the First Christian church. The many helpful remarks were well received. He said, "What a grand thing it would be to live in this age. If Christian endeavor had only been started 100 years ago." He said: "The church some years ago was like some of the little tug boats that used to run on the Mississippi river, and they had so little steam, that they had to stop when they whistled, but I thank God, since the Christian Endeavorers have come in that they can whistle all they want to, without stopping."

At the close of R[illegible] Burton['s] address Mr. T. P. Barber said a few words [illegible] [illegible] [illegible] work for [illegible], especially as [illegible] members.

The president of the union, in a few well chosen words thanked the members of the union for their hearty co-operation in all the union work during the past year.

After singing "Blest be the Tie that Binds," the meeting was dismissed with the Christian Endeavor benediction, "The Lord watch between me and thee, while we are absent one from another."

Homeless Children

The Colorado Children's Home society sends the following report of its work for September:

Number of children on hand Sept 1	7
Number of children received during the month	5
Number returned for replacement	1
Number placed in homes for the first time	9
Number replaced	2
Number of miles traveled in the work	1,52
Whole number of children placed since the work began	1[illegible]9

Homes are wanted for a nice little [illegible] 6 years old, and for several fine baby boys and girls.

Any one desiring to adopt a child or know one of one needing a home, can address Mrs. H. S. M[illegible], State Superintendent, 7[illegible]6 Seventeenth avenue, Denver, Colo., or Mrs E. M Smith, Assistant Superintendent, Colorado Springs, Colo.

A Contented Woman.

The music in Hoyt's latest comedy triumph, "A Contented Woman," was composed by Richard Stahl, an operatic composer, whose name and ability is quite well known to playgoers. It is all new and strictly up to that point of newness which is characteristic with the lyrics of all the Hoyt comedies. Mr Hoyt has supplied the words in several of the vocal numbers of a topical tinge, and has also been careful to engage artists capable of giving them the right sort of interpretation. "A Contented Woman" will be seen here next Tuesday evening at the Opera House. Mr. Hoyt will personally direct the performance.

Coliseum Popular Concerts.

The managers of the Coliseum are planning a series of first class concerts, to be given about once a month, at a very small admission fee, so that all, young and old, rich and poor, may enjoy them. During the series, some fine soloists from Denver and probably from Chicago, will be imported. We have in our city some of the finest soloists that can be found in this country, and some of them will be heard in this first concert. Among those who will appear are Professor and Mrs. George E. Crafts.

A dispatch was received yesterday from the father of Douglass Campbell, the young boy who died here under such sad circumstances, stating that he would leave this morning. Mr. M. B Irvine has taken little Harold to his home and is keeping him until the father arrives. Hundreds of kind people offered to help him yesterday if he needs it. What will be done can best be decided after the father gets here.

Yesterday The Gazette had a dispatch telling of the loss of securities by Bank Commissioner Bridenthal to Kansas. He left them in his seat at Topeka, Kan., on a Rock Island train. They were the securities of a Fort Scott bank that had failed and amounted to $120,000. Yesterday they were found in Denver after the train arrived there, and last night they were shipped to Mr. Bridenthal by express by the Rock Island company. They lay in the seat all the way undisturbed.

A Goldsmith could have found matter for a "deserted village" poem in this place the past three days. Yesterday it seemed as if the entire town had turned out and deserted their places of business. The rest of the State seems to be in the same condition. No doubt they will come back from their holiday refreshed and better prepared for work.

A great many people do not seem to understand that the mail is now collected in time for every Eastern train, and they keep carrying their letters to the postoffice. A letter dropped in at night is collected early enough in the morning to catch the Eastern mail.

The Northwestern Insurance company of Milwaukee owns more Colorado Springs bonds than any other corporation according to its last statement. It holds $111,000 6 per cent. city bonds, $121,000 5 per cent. city bonds and $[illegible] 5 per cent. school bonds.

The score of the pool game last Thursday was given erroneously yesterday. It should have been Malone 51 and Cromwell 5[illegible]. Last evening Mr Malone played for the entertainment of the members of the El Paso club.

THE MINING EXCHANGE

First Call.

Colorado Springs, Oct. 18.—Business was of the brisk st description this morning. Trading was lively, prices were brisk and the call was a very noisy one from start to finish. The heavy sellers in the listed stock were Portland and Gold and Globe. The latter stock had 21,000 shares credited to it and it was one of the strongest on the list. It started with a few thousand sales at 18 but the price was soon taken up to 19 and at the close as much as 19¼ was paid for it, with more wanted at the same figure. Portland was weakish, some forced selling orders of good sized blocks dragging the price down to $1.95, at which the closing sales were made. When the floor was rid of this stock, however, it was closely held at $2 with the lower selling figure bid. Mt. Rosa show d considerable improvement in price, jumping about a cent. The sales amounted to 270 shares, all of which brought 21; but it was actively bid for it at all times. Favorite was another strong stock that was in good demand. It sold at 8½ and 8¾ and closed with the highest figure still bid for more. Argentum Juniata was active for more. A. J. was active but remained stationary in price. It showed a decided inclination to go up but failed to do so, large blocks continuing to sell at 61. Anaconda opens strong and Summit, Union and Consolidated all show improvement.

Second Call.

Business slacked off a good deal at the second call only about 70,0 shares changing hands. Out of a goodly number of listed stocks that were traded in Mt. Rosa came to the front as the heaviest seller. This had 2?00 sales and the stock changed hands at increasing figures. It opened at 11¾, but the closing sales were made at 12, the bulk of the trading being consummated at that figure. The next heaviest trader was Alamo with a couple of thousand shares to its credit which were dropped at 4¾, the same price being bid for more. Gold and Globe was stronger than ever but though the bid price was increased to 20 there was no stock forthcoming and the lowest offerings stood at 21½. Argentum and Mollie Gibson were also without any sales though very fair prices were bid for both stocks. Consolidated continued strong, a couple of 100 blocks changing hands at 15¾ and the same price being bid for more. Anaconda sold in odd blocks at 63 and 64 and is among the stronger ones. Fanny R. changed hands at 9¾ and 10; Portland at $1.95¾, and Summit in small lots at from 25 to 27. The total sales in the listed stocks for the day amounted to 59,301 shares.

The Colorado Springs Board of Trade and Mining Exchange.

First Call.

Colorado Springs, Oct. 18.—Business was very active at the Board of Trade this morning and over 500,000 shares of stock changed hands. The heavy seller of the call was Woman's Gold, a new stock on the floor, which sold to the tune of 250,000 shares at a few dollars per thousand. Three other stocks had 20,000 sales and over. They were C. K. and N., Henrietta and Golden Age. The latter is included in the listed stocks and was the heaviest seller. It was very strong in price as was emphasized by the closing bid of 2¼. The other two stocks were selling at about the same figures as upon the previous day. Gold Standard was again lively and continued strong, being a ready seller at 10 at all times. Anchoria Leland came to the front with 500 sales and Anaconda was also represented among the high priced stocks. Mollie and A. J. were both strong but though good figures were bid for them they were not traded in. Consolidated was fairly active and improved in price, closing with 15½ bid. Gould had 7000 sales and was strong.

Second Call.

There was not nearly so much doing at the second call as in the morning, only a few over 100,000 shares changing hands. The heaviest trading was in Golden Age and Papoose, the latter stock being credited with 32,000 sales and the former with 1000 more than that. The Golden Age sales were made at 2½ and 2¾, the greater number of them being made at the higher figure. Papoose sold at 1¾ and 1⅞, the lower figure being still bid for more at the close of the call. Copper Mountain was fairly active with a total of 5000 sales, but the price remains low, the stock changing hands at 2¼ only. Magna Charta had 3000 sales which brought 2½, and the heaviest trader after that was Gold and Globe which was very strong and had 2?0 sales at 20½ and there was more wanted at the same figure. Of the other stocks traded in Aola, Wheel of Fortune and Mollie Gibson appear to be the strongest. The last named had 100 shares credited to it which brought 56. The total sales for the day amounted to 324,750 shares.

The Denver Pit.

Special to The Gazette:

Denver, Oct. 18.—Brokers came into the pit fresh to-day after their rest and the bidding soon became lively, led by a prominent Colorado Springs broker. There was a big demand for Wheel of Fortune, Bob Lee, Gold Standard and Garfield-Grouse and though this demand was only partly supplied enough was done to make the total for the morning a big one. Gold Standard was strong and advanced to 10, more being wanted at the same figure. Consolidated was credited with 15,000 shares which sold at 15½ and Wheel of Fortune 16?,000 which sold at from $5 to $5.50 per 100. Garfield Grouse was another strong stock and, as a matter of fact, there was hardly a weak one in the 16 that were traded in. Bangkok has started to advance again and all the Cripple Creekers appear to be in good demand. The total sales amounted to 259,500, of which 254,500 were in the listed stocks.

That Fiasco.

The following which is culled from the Boston Daily Advertiser needs little comment at this time. It bears out the expression made in these columns and shows that our Exchange's methods of doing business is flattered by imitation:

"A rumor was around yesterday that the New York exchange had decided to list no gold stocks at present on application of the Gold Coin Mines company. The latter company has made no application as a matter of fact, and will not until it is a dividend payer next month. Full statements of its operations and financial condition will then be submitted and it will be on practically the same basis as the Homestake mine, already and for five years a listed stock on that exchange. It is generally understood that the New York exchange will adopt some such plan as the local exchange and report from an expert of its own selection in case the figures and facts submitted for inspection prove unsatisfactory or incomplete.

"It has been thought that the present action of the local exchange in requiring an expert examination was aimed at certain properties which would hereafter ask to be listed. That is not true. The action was taken primarily because of the Boston and Cripple Creek fiasco and because the listing of that stock had already discredited the Boston exchange in the minds of certain Colorado Springs mining brokers who had sent on for information and been curtly turned down.

The Bogart shaft is down 175 feet and at this point the vein appears to be 20 feet wide. Drifts are being driven along the vein and ore that assays as high as $50 is found. It is the intention of the lessees to continue drifting until the source of the big surface blowout is found.

Buy and sell your stocks through Ramsay C. Bogy & Co., 51 and 52 Bank block. We are the newest members of the old local exchange, and propose to build up our business by serving the best interests of our customers.

THE MARKETS.

New York, Oct. 18—Money on call has been quiet at 2@2½ per cent; last loan 2½ and closing offered at 2½ per cent. Prime mercantile paper 5@6 per cent. Bar silver 67¾. Mexican dollars 53¾.

Sterling exchange is weaker with actual business in bankers' bills at $4.87@4.87¼ for 60 days and $4.88@4.88½ for demand. Posted rates $4.88@4.89; commercial bills $4.86½@4.87.

Government bonds steady; State bonds dull; railroad bonds irregular. Silver at the board easier.

Dullness reigned supreme at the stock exchange to-day. Transactions were only 125,721 shares, of which 16,700 were Sugar, 11,200 St. Paul, 11,200 Tennessee Coal and Iron, and 6200 Chicago Gas. At the opening the market was barely steady but subsequently prices advanced ¼@⅝ per cent. The improvement was due to the weakening of sterling exchange, posted rates having been reduced ½ to $4.88@4.89. The decline in sterling exchange of course puts an end to the talk about gold exports and the sellers of yesterday were the buyers of to-day. The demand, however, was limited and when the inquiry from the shorts abated prices ran off again. The net result of the day's trading was a loss of ⅛@½ per cent. in the usually active issues. Tobacco, Distilling and Cattle Feeders preferred gained ¼@⅝ per cent. Tennessee Coal and Iron and Laclede Gas were exceptionally weak and fell to 41 and 24¾ respectively. The liquidations in Laclede Gas were the result of rumors of the formation of an opposition company in St. Louis. Chicago Gas ranged between 65¾ and 67, closing at the former figure, a net loss of ½ per cent. for the day. The reorganization committee has extended the time for depositing certificates until Nov. 1 without penalty. The closing was rather weak in tone, but without any increase in the volume of business.

Bonds were irregular but in the main firm. Sales were $1,750,000.

CHICAGO GRAIN.

Chicago, Oct. 18.—Timidity of both bulls and bears was the chief characteristic of the wheat market to-day. The quotations which have ruled for very nearly two weeks 60 to 61 cents for December—seem to intimidate traders. If any important advance or decline from the position mentioned had taken place there would be a disposition to go with the tide but, with an almost stationary position there is doubt and uncertainty as to which direction prices will eventually take. After the close yesterday afternoon there was a firmer feeling on the curb, owing to reports of sales of from 20 to 30 loads of wheat at New York for export. The strength was carried over to this morning, but failed to be maintained, prices during the morning declining below yesterday's closing figures. Liverpool cables were steady. Receipts at Chicago were 265 cars, 40 less than estimated. 1,227 arrived at Minneapolis and Duluth. Local inspections from store were 11,500 bushels. Closing continental cables were irregular. Export clearances amounted to 182,572 bushels. December wheat opened from 60⅞ to 61, declined to 60¼, closing at 60⅝, ⅛@⅜ under yesterday. Estimated receipts for to-morrow, 225 cars.

Corn again began with a steady action and continued so throughout. Opening prices were not essentially different from those prevailing at the close yesterday, but the weakness which developed in wheat brought about an easier feeling with fractional declines. Receipts 388 cars, were seven less than estimated. Withdrawals from store were large at 474,340 bushels. Liverpool cables reported an advance of ½ pence in spot corn, with futures unchanged. Export clearances amounted to 151,349 bushels. May corn opened at 29½@29⅝, sold between 29⅝@29⅝, closing at 29½, under yesterday. Estimated receipts for to-morrow 345 cars.

Wheat—Oct. 59⅞, Dec. 60⅝, May 64½.
Corn—Oct. 29, Dec. 29⅜, May 29½.
Oats Oct. 18, Dec. 15¼, May 20⅜.
Pork Oct. $8.20, Jan. $9.37½, May $9.62½.
Lard—Oct. $5.40, Jan. $5.67½, May $5.82½.
Ribs Oct. $4.5, Jan. $4.75, May $4.95.

Current News.

Mr. Donaldson's illness continued to confine him to the house yesterday and Dr Sidney R Bartlett kindly officiated as caller in his place.

The Cripple Creek stage will not begin regular trips until next Monday, owing to the absence of members and necessary work in fixing up the headquarters.

The Mountain Beauty, near the Specimen on Bull hill, a continuation of Western Belle, has passed into the hands of John J. Mullin, who represents outside parties, but who these outside parties are is not known, as John refuses to talk. That the deal is been made, however, there is not the least doubt.

The Mt Rosa company has extended the time on the lease and bond on their Gold Coin lode for a period of eight months, giving a year to run from this date. The Woods Investment company are the owners of the bond and lease and they have agreed to do a certain amount of work and to an increase of the bond by $2,000, making the total bond now $55,000.

The Sunflower is the name of a claim located on Mineral hill on the southwest slope which is being worked by Dave Terrill under lease. A shaft has been sunk to a depth of sixty-five feet on a vein that appears to be badly broken up. An assay was obtained yesterday on a picked sample of the ore that assayed $301.60. A crosscut is now being run to find the foot wall when the pay streak is looked for in place.

Mining men from Cripple Creek who have paid the Atlantic coast cities a visit recently report that the feeling and knowledge of the camp has undergone a radical change in the past six months. Men with money to invest are anxious to learn more of the great gold camp. English and French investors who were met in New York and Boston have a better knowledge of the great American gold district than natives.

Weekly Letter Extracts.

The following items are from Mr. M. Kennedy's market letter: "Cripple Creek is now generally conceded to be the greatest gold camp in the world, notwithstanding the many reports to the contrary from the South African gold fields. According to statistics the average value of the entire ore production at Johannesburg, S. A., rarely exceeds $12 per ton, while the richest ore mined runs only $25 per ton, while at Cripple Creek the average is $65, while the richest ore runs from $1,000 to $160,000 in value. I know I am safe in saying that there are more good shipping mines in Cripple Creek today than in any other gold camp in the world, and I am perfectly satisfied that this camp is yet in its infancy, as there has been a month passed since the discovery of gold there in 1891 but one or more shippers have been added to the list, which now numbers upward of fifty good shipping mines, among which some of the most noted are the Portland properties, consisting of over thirty claims on Battle mountain. I am satisfied that this company owns the greatest gold mines in the world, as the ore bodies are of enormous size and the values are fabulous. Since my report of last week the price of Portland advanced from $1.89 to $2; but afterwards reacted and is now advancing again. The sudden rise last week is attributed to the fact that a rumor was circulated that the company was about to declare a dividend of five cents per share, but this proved false, at least for the time being. There is no doubt in my mind that in the near future this company will pay five cent dividends, if not more. The present advance I attribute to the great demand for the stock.

"The Sacramento company owns the Sacramento and Midnight, both patented, and located on the famous Bull hill, one of the seven hills of Cripple Creek, and having on the north the Union and Bankers properties, on the northeast the Isabella and Victor, on the south the Portland and Independence, on the southeast the Moose and Elkton, on the west the Raven, Doctor and Gold Standard, and on the northwest the Anaconda, thus being surrounded by the best mines in the district. I can assure you that I have great faith in the future of the Sacramento claims. The stock of the company at present prices I consider very reasonable."

Are you registered?

Register to-day; it is your last chance.

Superintendent Agnew of the Rock Island left last evening for Chicago.

The city hall and courthouse were both pretty much deserted yesterday for Denver.

Mr. W. R. Siney, of Stark & Siney, arrived at home yesterday from a trip to Kansas City.

A number of residents on Cascade avenue above the College reservation are complaining of the barking of dogs which make the night hideous.

The State and private bankers met in Denver on Thursday and organized an association. Hon. W. S. Jackson of this city was elected president.

Section four of the Ladies' Aid society of the First M. E. church will have a sale of food articles to-day from 2 to 5 p. m., suitable for Sunday dinner.

Dean Colwell of Grace church has decided to remain until next Wednesday before starting for the East, and will have charge of the services at the cuhrch next Sunday.

Mr. and Mrs. M. B. Trenton of Utica, N. Y., arrived in the city yesterday morning. They expect to spend the winter with their daughter, Mrs. W. A Lloyd.

Deputy Sheriff Bramlett has not yet returned from the hunt for the Ramah robbers Sheriff Bowers said yesterday afternoon that he had not heard of any arrests of the suspected men yet.

There were 775 names placed on the registration books yesterday. This is the last day, and people who have not yet registered should see to it. The registration has been very heavy all week.

This morning the High School boys run their excursion to Pueblo. There will be a big crowd in attendance as the fare is cheap, $1.25 for the round trip. The boys promise a good game and lots of fun.

Emery P. Moon of Husted furnishes the following record of the weather for the week ending Oct. 15, 1895: Highest temperature, 84 deg. on the 12th; lowest temperature, 27 deg. on the 17th; weekly mean temperature 52.25. Direction of the wind: South five days, north one day.

Mr. J. M. Downing of this city reports that he was held up and robbed near Grafsey, in the Cripple Creek district, on Thursday morning. Three men stopped his buggy and then went through him. They took $75 which he had collected for a job there.

Caroline Miskel Hoyt, who takes the leading part in the production of Hoyt's latest success, "A Contented Woman," at the opera house Tuesday evening, is said to be the handsomest woman on the American stage. Reserved seats are now on sale for the engagement.

Miss P. L. Thomas, 128 East Pike's Peak avenue, is continually adding to her already large stock of trimmed hats, showing the latest importations. Is also making a specialty of evening bonnets.

Professor Hopkins is all right in every respect. Proves every statement; brings out the best hypnotic experiments ever produced in our city, and uses only subjects living here. No fake about it. At Coliseum to-night, on hypnotism and crime.

The Coffee Royal Restaurant is now under new management. Everything neat and clean 15 E. Huerfano.
